AN ITINERANT BARBER SHAVES BOARD BILL

THE OFFICERS SEARCH OUTGOING TRAIN BUT IMEL SLIPS THROUGH.

Sheriff's Office Notified—It is Thought That Arrest Will Follow.

A. G. Keene, proprietor of the grocery store on East Main street, bearing his name and also the owner of the barber shop adjoining it on the east, swore out a warrant yesterday morning in Justice Irwin's court, charging a man who has been in his shop with jumping a board bill amounting to something over twenty dollars.

The man who is wanted by the officers is W. H. Imel. He was last seen on the streets of Mesa about 11 o'clock Tuesday night and has not been heard of since that time.

According to Mr. Keene, Mr. Imel, the former owner of the barber shop, came to him and stated that he was very anxious to sell. About this time Imel came along from Phoenix and proved by many recommendations that he was a barber. Imel wanted to buy the shop but he did not have the means and he enlisted Keene in his project with the result that Mr. Keene bought the shop and put Imel in charge with the understanding that the proceeds be divided up every Saturday night. After the first Saturday night, Mr. Keene states that Imel suggested that he would also like to board with the owner of the end of the month came, however, and Imel said nothing about settling his board bill. Mr. Keene says that he wondered at this but said nothing thinking that the man meant well and in fact he thought so until yesterday morning when he discovered that Imel had not slept in his accustomed quarters the night before and had also left the barber shop key in the door. He also failed to divide up the proceeds of the shop for two days. He failed to get \$4.25 in cash which was hanging in a small pocket on the wall and which belongs to the laundry. Mr. Keene is unable to account for the laundry money being left unless it was overlooked.

It is known that Imel with four other young men came here from Missouri several months ago and that they failed to get work as soon as they anticipated and became more or less discouraged. It is further stated that one of these young men got into trouble of some kind in Phoenix a few nights ago and wanted his friend at this place to join him in the homeward trip to Missouri. Three of the crowd came up from Phoenix the day before yesterday and it is known that they were laboring with Imel in an attempt to get him to go east. Two of the party are married men. Imel has a wife and one child. He is not a drinking man and was always looked upon as being thoroughly reliable and honest. The sheriff's office was informed and the outgoing Tempe train searched yesterday morning but Imel had in some way eluded the net.

WATERWORKS SUPPLIES ARRIVE.

The Ditch Digger Will Now Be Started and Force of Men Put to Work.

The lead and hemp to be used in the laying of the waterworks system pipe line arrived last night and has been delivered from this city. This is the delayed material that has been causing the contractors no end of trouble and means that work will be immediately resumed. The ditch digging machine has been here for several weeks. A force of men will now be put to work and the actual pipe line work begun.

CHANGE IN TIME TABLE.

The Republican representative published what purported to be the revised time table yesterday morning for the M. & P. and the P. & E. arriving and leaving time, but is compelled to again give an entire change in time for the reason that the one heretofore given was incorrect, inaccurate, not right too slow, city time, and several other faults which a dozen Republican readers mentioned throughout the day.

This table is as near right as it can be had. If there are any errors it will be again revised:

Leave P. & E. depot at 7:20 a.m.
Leave P. & E. depot at 1:15 p.m.
Leave P. & E. depot at 4:35 p.m.
Arrive M. & P. depot at 11:40 p.m.
Arrive M. & P. depot at 6:45 p.m.

RECEPTION FOR YOUNG SOUPLE.

Mr. and Mrs. John L. Anderson entertained Tuesday evening at their ranch home southeast of Mesa in honor of their son and daughter, Mr. and Mrs. Will Anderson, who were married a few weeks ago. The evening was in the nature of a reception for the happy young couple and the invitation list included relatives and near friends. Many useful and beautiful presents were given by the guests. One of the features of the evening was a good old fashioned supper prepared by Mrs. Anderson.

Those who enjoyed the evening were, Mr. and Mrs. William Irvin, Mrs. Louise Felton, Mrs. Len Lewis, Mr. Mary Barkley, Miss Fionnie Barkley, Miss Gertrude Hobson, and Messrs. George Weeks, Olie Barkley, Harry Hersey and Olie Barkley.

SUFFERED NASAL HEMORRHAGE.

Mrs. George Peterson, living east of town suffered a severe nasal hemorrhage Tuesday which became alarming before medical assistance could be summoned. She suffered the loss of considerable blood which left her very dizzy and in a blinded condition. She is however now out of danger. The attending physician, Dr. Nelson, states that she is not subject to such attacks.

J. W. LE BLANCH, SIOUX WANTED BY OFFICERS

IT IS CHARGED THAT HE IS AN IMPOSTOR TO A HIGH DEGREE.

Claimed To Be a Representative of the Indian Department at Washington.

J. W. LeBlanch, purporting to be a representative of the United States Indian affairs, and touring the country in the interests of the Indians, arrived in Mesa something over three weeks ago and immediately began an investigation of the reservation in the vicinity of Mesa. There is no question but what LeBlanch was honest in his claims that he was an Indian.

A warrant has been sworn out by Loran Dana who let LeBlanch have several livery rigs that have not been settled for. The Golden Rule stables, of which Mr. Dana is proprietor, is not the only concern that finds itself shy as a result of the Indian's visit.

When LeBlanch struck town it did not take the populace long to find out that a newcomer was in town for he carries a very striking face around with him and attracts attention where ever he goes. He represented himself to be a representative of the San Jose Indian association, an organization effected by Indians and for their betterment. He was a rather smooth talker, and claimed to be a graduate of a Portland college, and that he had attended Carlisle for a time. He further stated that he had made a study of the Indian languages and that he had mastered nine of them.

He went out to the reservations from Mesa and seemed to work with considerable enthusiasm. He addressed the Indians on several occasions and soon had their good will. It has been stated that he secured several loans from them but this is denied. He is known to have secured loans from parties in the city but that the reservation Indians did not advance him any money.

The question of LeBlanch being a department man has been taken up with the authorities at Washington and the reply has reached here from them to the effect that no such individual is in the government employ for the purpose of investigating Indian affairs.

Constable Burton had a warrant for the arrest of LeBlanch and has gone to Sacaton to make his arrest, but up until a late hour last night the officer had not arrived or if he had arrived he could not be located.

TOGGERY BIG FOUR SALE OPENS WITH A RUSH

THE LADIES DEPARTMENT WAS CROWDED FROM EARLY MORNING TILL NIGHT.

The Republican Has Been the Principal Medium of Advertising.

The Toggery Big 4 sale opened with a rush yesterday morning which is seldom equalled in Mesa and increased throughout the day until evening it became a perfect jam. The ladies especially, were persistent in the bargain hunting and the rear part of the establishment which is given over to the ladies' department was crowded almost to suffocation.

The sale is one which appeals to the average buyer very strongly on account of the seasonable goods being a feature of the slaughter in prices. However, the Toggery has been assisted in spreading the news of this sale principally by The Republican who has very vigorously placed the many bargains before the general public for the last several days.

STEWART WOODS.

Miss Josie Stewart was united in marriage to A. C. Woods, Sunday evening, by Bishop Hunsaker. In Nephi, the newly married couple will continue to make their home west of the city where Mr. Woods is an extensive rancher.

ROBERT BOWEN GROWING WEAKER.

The report comes from Phoenix that Robert Bowen, who is confined in the territorial hospital at that place, is steadily growing weaker and has to be helped to and from the table at meal time. Little encouragement is offered that he will ever recover.
